

Budgeting

Required expenses

Sponsoring an Aktion Club requires a commitment of time and financial support by the sponsoring Kiwanis club. Every fall, each Aktion Club receives renewal information and instructions for updating the club's membership roster online and submitting the annual membership fee of US\$8 per member. After completing the online renewal process, the payment can be submitted via credit card online or by check to the address indicated on the invoice.

Once payment and the online process have been completed, membership certificates, cards and pins will be mailed for each indicated new member of the Aktion Club. Ordering information is included in the mailing if extra supplies are needed.

Reactivation

To reactivate an Aktion Club, a club must submit to Kiwanis International:

- A current roster of members
- Member fees for each member
- A US\$50 reactivation fee
- Name and key number for the reactivating Aktion Club
- Name and key number for the sponsoring Kiwanis club
- Kiwanis advisor's name
- Facility advisor's name and e-mail address
- Mailing address for where you want membership supplies mailed

Additional recommended expenses

Your club could underwrite an annual celebration to show appreciation for Aktion Club members and volunteers. In addition, the time and effort of the facility advisor could be recognized by the Kiwanis club.

Other things to consider

- Each Kiwanis club and Aktion Club has individual needs. Make sure to have clear, ongoing communication to ensure needs are recognized and addressed.
- Let the Aktion Club members and volunteers know about the budget and the contributions of the Kiwanis club.
- Funds for the annual fee and chartering expenses can be taken out of the Kiwanis club's service budget.
