Implementing Terrific Kids

The Terrific Kids program is a fun and simple program to implement at school or in an agency that supports youth.

The Terrific Kids Program is successful because:

- ★ Students learn to set and achieve goals.
- ★ Students compete with themselves, not other students in the class.
- ★ Students receive positive recognition for an achievement they took part in selecting.
- ★ The program encourages development of partnerships between the business community and the school/agency.
- ★ Implementation of the program takes minimal effort from the sponsoring club and the school/agency.
- ★ School administration or agency management can adapt the program to meet their needs.

Here is a checklist to assist the sponsoring club with implementing the program. A detailed version is provided in the Terrific Kids program guidebook included in the program kit.

- ❑ Read the Terrific Kids Guidebook.
- ❑ Open the Terrific Kids resource CD to find program resources (sample form letters, news releases, charts, and more).
- ❑ Meet with the school principal and teachers and agree on:
  - ★ Program information and resources to share (parent brochures, sample letters, and goal charts).
  - ★ Types of goals students should set.
  - ★ Number of times per year students will be honored.
  - ★ Type of recognition party to plan.
  - ★ A communication plan between teachers, principal, and the sponsor.
- ❑ Contact local businesses and solicit support for program.
- ❑ Post Terrific Kids banner in school and decorates Terrific Kids bulletin board (provided in program kit).
- ❑ Teachers work with students to determine goals and note goals on a chart.
- ❑ Teachers educate students about the program and send information home to parents. (Sample letters are on the CD and parent brochures are included in the program kit.)
- ❑ Teachers determine which students should receive recognition and invite parents to attend a Terrific Kids recognition party.
- ❑ Provide refreshments, recognition certificates, lapel pins, and other giveaways at the party. The business sponsor also provides support for the party.
- ❑ Photograph Terrific Kids receiving recognition and post photos on the Terrific Kids bulletin board. Photos also are mailed to the local media and the business sponsor.
- ❑ Teachers continue to monitor students and recognize those who achieve goals for the next recognition period.
