Help Kiwanians when disaster strikes

There are times when the needs of families and children require an immediate response. The Kiwanis International Foundation’s disaster relief program gives you a way to help. Our foundation provides emergency disaster-relief grants to Kiwanis-family clubs and districts responding to disasters in their communities.

For example, clubs in Division 4A and surrounding areas in the Louisiana-Mississippi-West Tennessee District received a disaster-relief grant to help communities in Baton Rouge that were affected by the flooding. Read more.

Unfortunately, disaster relief is needed year-round throughout the world. Your gift today can help other Kiwanis clubs impact their communities when emergency relief is needed. Make your gift—it’s a simple way to make a big difference. Give online or text “aid” to 50155.

CAMPAIGN CONNECTION

UNICEF urgently needs funding in the next three months to reach more than 3.4 million women in Yemen and Sudan with tetanus vaccines. It will take US$2.7 million and the support of the Kiwanis family.

It is a pivotal time in our fight to eliminate maternal and neonatal tetanus—a disease that is on the brink of elimination. Globally, 40 out of 59 priority countries have been validated for MNT elimination, as well as all of Ethiopia except for the Somali Region and 16 out of 17 provinces in the Philippines.

Now it’s time for the final push; moms and babies are counting on Kiwanis. Help Kiwanis keep its promise to these families. Make your gift . . . and finish the fight.
