Kiwanis International Foundation
District recognition programs

Kiwanis International Foundation district recognition programs fulfill our mission to help Kiwanis members better serve the children of the world. District recognition programs also encourage Kiwanis leaders to promote giving to the Kiwanis Children’s Fund, highlight the importance of individual giving, and recognize the generosity of Kiwanis International districts.

Five Percent District Grants

Each Kiwanis International district is eligible to receive a grant. These grants support activities to recognize Kiwanis International Foundation donors, promote our foundation at one major conference annually and/or provide scholarships. Grant amounts are equal to five percent of total gifts made between October 1 and September 30 to the Kiwanis Children’s Fund by individuals, clubs and other entities within the district. Grants are available in the administrative year following the donation year. Payments are coordinated with the district governor, administrator and foundation chair.

Top Five District Scholarships

The top five Kiwanis International districts in per-member giving to the Kiwanis Children’s Fund are eligible to receive scholarships for post-secondary education. Per-member giving average is based on Kiwanis International certified membership as of September 30 and includes all gifts made to the Kiwanis Children’s Fund between October 1 and September 30 by individuals, clubs and other entities within a district. Scholarships are available in the administrative year following the donation year. Again, payment is coordinated with the district governor, administrator and foundation chair. The top five districts based on per-member giving average are eligible to receive:

Top District
  • Five (5) US$2,000 higher education scholarships
Second Place
  • Four (4) US$1,500 higher education scholarships
Third Place
  • Three (3) US$1,000 higher education scholarships
Fourth Place
  • Two (2) US$1,000 higher education scholarships
Fifth Place
  • One (1) US$1,000 higher education scholarship
