Imagine how many lives we could change.

Kids need Kiwanis. Millions of kids. A gift to the Kiwanis Children’s Fund is a proven way to reach them.

When a club gives, members amplify the impact they’re making in their own community to kids around the world. That’s because they join other clubs that are doing the same. And they change lives near and far as a result.

Just this year, gifts have helped members feed hungry kids in Nepal, give homeless children in Washington a safe place to play, aid families struck by hurricanes, earthquakes and typhoons, and so much more.

Now imagine what we could do if every club gave. With a gift from each of us:

- More than 715,000 kids could get a weekend's worth of food.
- Nearly 18,000 students could get school supplies.
- More than 10,000 teens could receive immersive leadership training.

As you can see, gifts go farther when they go together. Make a club gift today at kiwanischildrensfund.org/clubgift.
