The Kiwanis family

Kiwanis International is a global organization of members who are dedicated to serving the children of the world. Kiwanis programs prepare people of all ages to be the most engaged members of their communities. And each is an opportunity to begin or continue a lifelong journey of service.

“This is becoming the greatest and the most rewarding club I’ve been with.”

—Gary L. McVey  Hutchinson, Kansas
Why it works

Kiwanis and its family of clubs are nearly 600,000 members strong. They annually raise more than US$100 million and dedicate more than 18 million volunteer hours. All together, more than 7,000 Kiwanis clubs make Kiwanians a powerful force for serving children and changing lives. Each club is an independent entity, with its own traditions and priorities. What’s so great about your local Kiwanis club?

• **It’s member-led.**
  No two Kiwanis clubs are alike. From meeting times and locations to club leadership, each club is designed by its members, for its members.

• **Clubs fit their communities.**
  Each club determines its own service projects, fundraising activities and more. Members see what the community needs and then determine how to meet those needs.

• **Members get directly involved.**
  Hands-on renovations of parks and playgrounds. Ongoing reading programs. Fundraising for schools, shelters and children’s hospitals. Sponsorship of local Kiwanis youth programs. In these and other ways, Kiwanis clubs have become part of children’s lives.

• **The local goes global.**
  Club members can attend district and international conventions—and run for district and international leadership positions. In addition, special projects, such as The Eliminate Project: Kiwanis eliminating maternal and neonatal tetanus, take your impact worldwide.
