A PARTNERSHIP OF PEOPLE WHO CARE

KIDS NEED ADULTS WHO LOOK OUT FOR THEM—WHO SHARE THEIR ENERGY AND HELP GUIDE IT. THAT’S WHAT KIWANIS CLUBS PROVIDE. IT’S ALSO WHAT BOYS & GIRLS CLUBS OF AMERICA AND LOCAL BOYS & GIRLS CLUBS OFFER. OUR PARTNERSHIP RESULTS IN JOINT SERVICE, FUNDRAISING AND OUTREACH—FOR THE KIDS WHO NEED IT MOST.

WHAT IS BOYS & GIRLS CLUBS OF AMERICA?

In every community, many children are left to find their own recreation and companionship. An increasing number have no adult care or supervision at home. Young people need to know that someone cares about them. That’s where a local Boys & Girls Club comes in.

It’s a safe place where kids can play, learn and grow. And it’s where adult volunteers help young people—especially those who need it most—reach their full potential. The organization’s programs and services enhance that development, instilling a sense of competence, usefulness and belonging.

Members learn about citizenship, service, healthy lifestyles and much more. And they have fun all the while. For 4 million kids in 4,000 clubs, great futures are getting started every day.
WHY ARE KIWANIS AND BOYS & GIRLS CLUBS OF AMERICA PARTNERS?

It’s simple: We can do more together. In fact, our partnership is already thriving. Kiwanis International and Boys & Girls Clubs of America have been collaborating since 2008. And they’ve been changing lives. Here are a few ways local partnerships have made an impact in communities all over the country:

- **Feeding those in need.** In Snohomish, Washington, there is a free community dinner every Monday and Thursday for families in need. And on the fifth Monday, Kiwanians and Boys & Girls Club volunteers work together to feed more than 100 people. It’s a great service for recipients—and great experience for the children, who help create and serve meals while giving back to the community.

- **Fixing up the place.** The Manteca, California, Sunrise Kiwanis Club lent a hand to their local Boys & Girls Club when Kiwanians painted and updated the club’s games room. They even paid for all the supplies. In fact, one Kiwanis club member donated a state-of-the-art theater system with SurroundSound, a blu-ray DVD player and speaker system. Many kids there can’t afford to go to the movies, so the club’s Friday movie nights are now something special. For the Boys & Girls Club staff, the room has also become a perfect place for training sessions.

- **Gardening and growing.** In Goshen, Indiana, local Kiwanians and the Boys & Girls Club garden together. The kids learn how to grow their own plants, which also allows them to taste certain fruits and vegetables for the first time—and even share them with fellow club members. As the garden grows, Kiwanians instill pride in the kids, along with a lifelong passion for gardening. It’s also a great way to contribute produce to a food pantry or to sell it at a local farmer’s market.
