Member recruitment suggestions

1. **Invite everyone.** Be sure to include all residents/members of the facility you are working with.

2. **Advertise.** Local rehabilitation agencies, therapy centers and hospitals are all great places to get the word out.

3. **Network.** Word of mouth is often the best recruitment tool. Talk to people about what you do and how rewarding it is.

4. **Work with Special Olympics.** These are individuals who have a willingness to be active and commit.

5. **Utilize the Kiwanis Family.** Kiwanis, Circle K and Key Club members have insights and connections that provide a membership source for Aktion Club.
