**March of Dimes**

**WHAT IT IS** This nonprofit organization is dedicated to improving the health of babies by preventing birth defects, premature birth and infant mortality.

**WHAT YOU CAN DO** Register for March for Babies, the fundraiser typically staged in late April.

Contact your local March of Dimes chapter for support, resources and contact information. To find your local chapter, visit marchofdimes.com/youth. November is Prematurity Awareness Month.

**IF YOU HAVE QUESTIONS** Visit the Team Youth Web site at marchofdimes.com/youth and click on “National Youth Council” or contact the National Youth Program staff at teamyouth@marchofdimes.com. You can also check out the March of Dimes Service Partner Activity Book at www.circlek.org.

**UNICEF**

**WHAT IT IS** UNICEF works in more than 150 countries and territories—supported entirely with voluntary contributions. Through Saving Lives: The Six Cents Initiative, CKI members can provide safe drinking water to children. A little cash goes a long way—6 cents can provide one packet of oral rehydration salts to treat severe dehydration and diarrhea, a leading cause of death among young children.

**WHAT YOU CAN DO** Set up a fundraising team using the online fundraising tool at unicefusa.org/circlek.

**IF YOU HAVE QUESTIONS** Visit unicefusa.org/circlek and unicefusa.org/sixcentsonline or contact Kristi Burnham at the U.S. Fund for UNICEF at 404-881-2700, ext 203 or sixcentsonline@unicefusa.org.
